You will hear from expert speakers who will talk about the choices available for SMEs, the implementation process and the results of having an employee share plan, all highlighted by in depth case studies. There will be multiple Q&A sessions throughout the day to ensure that all your questions can be addressed.

How will an employee share scheme benefit my business?

An employee share scheme allows your SME to:

- Beat the skills shortage by retaining your best staff
- Boost profitability by aligning staff interests with share performance
- Consider exit solutions without surrendering control
- Improve your company's image
- Attract top staff without huge cash payouts in a tax efficient way

The Employee Share Ownership Centre is a non-profit subscription based organisation founded in 1988 by Malcolm Hurlston to inform, lobby, research and develop all forms of broad based employee share ownership plans in the UK and Europe.
